

Feenix Bank: Digital Transformation & Engagement Strategy

Strategic Initiatives Overview

1. Gamified Financial Engagement

A points-based rewards system designed to foster financial literacy, engagement, and emotional loyalty, particularly targeting Gen Z and Millennials.

How to Earn Points:

- **+10 pts:** Open a savings or credit account
- **+5 pts:** Achieve a monthly savings goal
- **+10 pts:** Complete a financial literacy module
- **+5 pts:** Budget accuracy within 10% forecast

Reward Tiers & Community Impact:

- **100 pts:** Free coffee or 10% discount at local partners (cafés, HEB)
- **150 pts:** "Feenix Flex Box" (branded merchandise + local snacks) or option to donate points to local causes
- **200 pts:** Personalized 1-on-1 financial advisor session

Community Match Program:

- Customers donate points (1 pt = \$1) to local charities
- Feenix matches donations 1:1 in actual dollars
- Quarterly rotation of charities based on regional relevance

Financial Literacy & Motivation:

Online modules and in person sessions

- Online modules will be targeting towards younger audience so it will focus on how to start saving, how to start investing, how to overcome credit card debt, how to raise your credit scores, etc
- In person sessions will be targeted towards older audience so it will focus on 401k, retirement plans, etc
- Builds intrinsic motivation and sense of belonging
- Differentiates Feenix from traditional fintech competitors

2. Mobile App Revamp (Primary Investment)

A modernized, accessible, mobile-first banking application.

Key Features:

- **On-demand AI Chatbot:** 24/7 assistance
- **Monthly Expenses Visualization & FICO Score Display**
- **“Freeze Card” Security Feature**
- **Personalized Home Screen:** Seasonal themes, user’s name, financial goals
- **“Banking Wrapped” Feature:** Annual personalized spending trends

UI/UX Enhancements:

- Instructional video walkthroughs on every page and robust FAQ hub
- Simplified navigation tailored for older demographics
- Compliance with WCAG accessibility standards

Anticipated Outcomes:

- Significant reduction in customer support calls (cost saving)
- Enhanced usability (target SUS rating: A)
- Increased self-service adoption

3. Gen Z–First Marketing: Humanizing Feenix

Brand-first marketing to resonate deeply with Gen Z by emphasizing authenticity, locality, and relatable narratives.

Key Marketing Initiatives:

- **Shop Local, Bank Local:** 10% discounts at local businesses for achieving financial goals
- **Feenix Street Team:** Interactive pop-ups (trivia, card sign-ups, money confessionals)
- **Creator and local brand Collaborations:** Engaging budget hacks and real Gen Z stories sponsored by Feenix
 - Create mini-documentary type ads like Dove and Redbull featuring local creators and/or businesses that uses Feenix

Regional Identity:

- Emphasis on Southwest heritage (regional storytelling, bilingual content, mini documentaries)
- Limited-edition debit cards featuring Southwestern art
- Phoenix mascot symbolizing resilience and renewal

Estimated Marketing Metrics:

- +35% Gen Z brand awareness across major Southwest cities
- +25% increase in app downloads via creator campaigns
- +20% retention increase with personalized engagement features

Key Performance Indicators (KPIs)

- **Social Media:** 10K+ followers within Year 1
- **Brand Recognition:** Measured via ad recall and surveys
- **Conversion Rate:** 3-5% uplift from partnerships (e.g., HEB)
- **Engagement:** 50% of Gen Z users actively using rewards/goals in-app

Budget Allocation

Area	Budget
Mobile App Redesign & Development	\$1M
Gamification Infrastructure	\$500K
AI Chatbot (Vendor Integration)	\$350K
Educational Content (Courses)	\$400K
Marketing & Partnerships	\$550K
Testing & Feedback (User Panels)	\$200K
Total	\$3M

Project Implementation Timeline

Phase 1: Initial Setup & Infrastructure (Months 1-3)

- Vendor selections and initial app design
- Infrastructure setup for gamification system
- Begin AI chatbot integration

Phase 2: Development & Partnerships (Months 4-6)

- App development and internal testing
- Develop educational content for various demographics
- Establish initial local business partnerships
- Begin marketing and branding campaigns

Phase 3: Launch & Iterative Improvement (Months 7-9)

- Official app launch with gamification features
- Activate Community Match Program
- Execute Gen Z-focused marketing initiatives (pop-ups, creator collaborations)

Phase 4: Evaluation & Expansion (Months 10-12)

- Analyze KPIs and user feedback
- Adjust marketing strategies based on performance metrics
- Explore further personalization and feature expansion
